**Please note: this document is intended to circulate the changed portions of the complete rules effective the date indicated.**

### **PROCEDURES BULLETIN**

**Effective Date: May 01, 2019**

The following rules will be implemented as part of the 2019 World of Outlaws Morton Buildings Late Model Series/DIRTcar Late Model Rulebook effective as of the date above:

- All drivers are required to attend each driver's meeting. If roll call is taken and the driver isn't present at roll call, the penalty will result in only receiving one (1) qualifying lap and the best the driver will be able to qualify is 50%+1. Expect this to happen at any given time without notice.
- In any event less than 50 laps, each driver will be allowed 2 cautions, after the 2<sup>nd</sup> caution, the driver may be parked
- In any event 50 laps or more, each driver will be allowed 3 cautions, after the 3<sup>rd</sup> caution, the driver may be parked
- If sheet metal needs pulled or your car needs attention you will be directed over the one-way driver radio to stop at a World of Outlaws/DIRTcar Official in turn 4. If a driver stops at any other point on the racetrack, or without being directed over the driver radio it will result in a loss of running position and the driver will be sent to the tail of the field. Exceptions to this may include safety reasons such as: equipment failure, helmet issues, seat belt issues. Officials will pull sheet metal one (1) time during preliminary events and two (2) times during Feature events.
- Testing will not be permitted at any World of Outlaws/DIRTcar sanctioned tracks 7 days prior to that tracks scheduled event. Open practice sessions to all competitors the night prior to an event will be the only testing permitted within the 7-day period leading up to the event. A World of Outlaw/DIRTcar representative must be present for any open practice the night prior to the event. Any race team and/or driver in violation will be given one (1) lap of qualifying and the best the qualifying position that will be earned is 50% + 1 of the entered cars for that event. Teams will also be penalized fifty (50) championship points.
