

COMPETITOR GUIDE

To 2024 DIRTcar Late Model Competitors

Thank you in advance for supporting the 39th Annual DIRTcar Summer Nationals

- ⇒ Please find attached the details of this tour.
- ⇒ The 2024-point funds will be paid out exclusively based on your performance each calendar week. The total point fund for this year equals \$150,600. If one driver sweeps the five weekly points battles, they would pocket \$60,000 in just point fund money.
- ⇒ FOR POINT FUND ELIGIBILITY: The driver must notify Sam Driggers (704) 467-7786 within ten (10) days prior to the first week you are planning on running. You must run every race during that week. Drivers must be a DIRTcar member in good standing. If races are lost due to weather the weekly point fund may be adjusted. Weeks with 5 races could be adjusted by 20% per race unless made up. Weeks with 6 races could be adjusted by 15% per race unless made up.
- ⇒ This year's schedule will contest 28 races in 33 days. If you win every Summer Nationals event you will collect \$202,500 in first place purse money. You will have driven approximately 4360 miles and 70 hours, making it the "Highway to Hell".
- ⇒ The tow money program will once again be back for 2024. Drivers will receive \$500 for each 500 miles they drive. If you complete the entire schedule, you will receive \$4,500 in tow money. Drivers MUST have perfect attendance in order to be eligible for the tow money program.
- ⇒ Each DIRTcar Summer Nationals and Summit Modified Nationals events will be broadcast live on DIRTVision. For subscription information visit www.dirtvision.com.
- ⇒ We welcome back our great product and contingency partners. Many of these awards are cash contingencies and only require simple decal placement. A driver could earn from \$25 to \$200 per night in additional awards and sponsorship money. Over \$34,000 will be awarded in cash and product contingencies.

Thank you for your support!

⇒ General Procedures

- All drivers will register and draw each day.
- Series decals will be available at pill draw and must be placed on the car before entering the racing surface.
- Drivers arriving late will be added to the group with the least number of cars at the discretion of DIRTcar officials.
- All drivers MUST be a DIRTcar member in good standing to race.
- Driver one-way radios and transponders are MANDATORY at all DIRTcar Summer National Events. MyLaps (red/gray) transponders and Westhold (yellow) transponders will be used for each event. Drivers are encouraged to use their own transponder. Transponders will be available during registration if needed.
- Drivers must provide their own driver radio – the default channel 454.000 will be used at all events unless otherwise posted. Driver radios will be available for purchase for \$125 each.
- All transponders borrowed from DIRTcar must be returned each night. Purse money will be withheld until the transponder is returned. Failure to return a transponder will result in a \$500 fine.

COMPETITOR GUIDE

⇒ Hot Laps

- Drivers will hot lap in their respective group as posted. Failure to make your group will result in no hot laps, unless otherwise approved by a DIRTcar official.

⇒ Qualifying

- Multi-car qualifying
- Drivers will get two (2) consecutive green flag laps.
- Drivers will get a three (3) position grace during qualifying. Failure to follow the draw order will result in no qualifying.

⇒ Heat Races

- Heat races will be lined straight up based on your qualifying time with no inversion.
- Heat race winners will redraw for Feature starting position.

⇒ Consolation and Last Chance Showdowns

- Consolation and LCS events will be lined straight up based on heat race finishes.

⇒ Feature

- Drivers will be lined up based on redraw order, heat race finish, consolation/last chance showdown finish, and provisionals.

⇒ Race Procedures

- Original Starts – side by side – pole position is the control car and can start the race anywhere inside the start zone. If a driver is out of line, or jumps a start, it will result in a two (2) position penalty.
- Restarts – DIRTcar Double-File. Race leader will be out front, 2nd place can choose inside or outside, 3rd place will fill. 4th place and even running cars are always on the inside, 5th place, and odd running cars will always be on the outside. The leader will be allowed to restart the race anywhere between the middle of turns 3 and 4. All restarts will be double file except for the last five (5) laps of any Feature event.
- If a car drops out prior to the original green flag of any event, cars will move straight forward. If multiple cars drop out, the lineup will be adjusted accordingly.
- Original Start Cautions
 - First Start – complete restart.
 - Second Start – complete restart minus the cars in the caution.
 - Third Start – single file based on the original lineup minus the cars in the caution.
- A yellow flag means your wheels aren't turning, if you make contact with a car that has caused a caution you will go to the tail with them. If you spin to avoid and do not make contact, you will get your spot back.
- If the yellow flag is displayed for a car or cars and the drivers do not stop but keep moving, they will blend back into the lineup where they picked up at.

COMPETITOR GUIDE

- Do not race back to the yellow flag. When the yellow flag is displayed, slow down and get in line single file. The lineup will be adjusted as needed based on electronic timing and scoring. Failure to lineup correctly will result in disqualification from that race.
- Once one (1) lap is completed, during a yellow or red flag, the lineup will be based on the current running order. Split scoring will be utilized – drivers that cross under green flag conditions will be lined up according to that lap, drivers that cross after the yellow or red has been displayed will be lined up according to the previous lap. A completed lap is the race leader plus one (1).
- In any event, drivers are allowed two (2) unassisted caution. After two (2) unassisted cautions the driver will be asked to leave the racing surface.
- Lapped cars will fall to the tail of the running field all night. Lead lap cars that are involved in a caution will be placed in front of lapped cars.
- All races will end in Green-White-Checkered regardless of the lap count.
- Backup cars will be allowed – car will move to the tail of the field in the next scheduled event.
- Crews may use colored gloves and sticks – lights and pit boards are prohibited.
- Work area will be for Feature events only. Location will be announced at the driver's meeting each day. Drivers will get two (2) laps for repair once they arrive in the work area.
- Fighting will not be permitted. Minimum penalty for fighting will be immediate expulsion from the property.
- Payoff will be nightly at the series command center, the following day during registration, or mailed at the conclusion of the 2024 DIRTcar Summer Nationals.
- DIRTcar Officials may change, modify, cancel, and/or adjust procedures and/or events due to weather and/or track conditions.
- DIRTcar Officials may suspend and/or reprimand any driver, team member, and or crew member for violations of competition as outlined in the DIRTcar General Rules.

COMPETITOR GUIDE

- ⇒ Grand Total Point Fund = \$150,600
- ⇒ Drivers competing for weekly points fund payout must attempt to qualify for all races during that week.
- ⇒ If events are lost due to weather, the weekly point fund may be adjusted.
- ⇒ Weeks with 5 races could be adjusted 20% per race unless made up.
- ⇒ Weeks with 6 races could be adjusted 15% per race unless made up.
