## **Mandatory use of Fire Suppression Moved to June 15.**

In reaching out with the Fire Suppression manufacturers once again and expected ship dates we will be moving back the mandating Fire Suppression until June 15. On June 15 we feel all orders that were placed in a timely manner will be fulfilled.

The announcement is made so teams wouldn't be discouraged in participating due to supply and shipping delays.

- B. Sportsman weights until June 15 will be as follows: 2400 lbs. Aluminum Wheels, 2350 lbs. Steel Wheels. After June 15th without Fire Suppression there will be 50 lbs. added to each.
- C. Pro Stocks weight until June 15 will be 3000 lbs. After June 15 without Fire Suppression there will be 50 lbs. added.
