All drivers must draw at the Xtreme Outlaw Midget Series Command Center.

Series Decals are available at pill draw and **MUST** be in place on BOTH sides of the car prior to entering the racing surface.

Drivers arriving late may be added to the group with the least number of cars at the discretion of officials.

AMB/MyLaps (red) Transponder must be used at all times and One-Way Driver Radio (464.5500) must be used at all times.

All cars must be teched and tires must be marked before the car can compete in any type of competition.

If a driver is **not in attendance** at the **drivers meeting** during roll call, that driver will only receive one (1) lap of qualifying and the best qualifying result will be

Important Rules & Procedures To Remember

50% of the field +1.

Driver will earn points for qualifying. (10, 9, 8, 7, 6, 5, 4, 3, 2, 1)

Heats will be lined up with in invert of 4 within your qualifying group.

In the Heats drivers will earn points for finishing positions, (20, 18, 16, 14, 12, 10, 8, 6, 4, 2) along with 1 point per car passed.

All original starts will be side-by-side with the leader setting the pace and the front row starting the race at the cone in turn 4.

Restarts will be single file with the leader starting the race at the cone in turn 4. all cars MUST stay in line until after passing the cone.

Cars out of line or jumping a start will result in a caution and being penalized (2) positions.

A yellow flag means your wheels aren't turning. If you stop at any time, without being instructed to do so, you will go to the tail (unless it is a safety issue). If you spin and it creates a caution, but you keep going, you will blend back in the lineup.

Heats & LCS you will be allowed two (2) single car cautions, for the Feature you will be allowed three (3) single car cautions before being parked for that event. All races WILL end in Green-White-Checkered.

Hitting cars under caution or after a checkered may result in being parked for the balance of that event.

Crew members are not allowed on the track during ANY racing action - It will result in a DQ for that race. (During an open red flag period it is ok.)

WORK AREA - When the yellow flag is displayed a two (2) minute period will be permitted for the repairs of any race damage. The time will begin once the car has reached the designated work area. The car will rejoin the field at the tail of the lap it's on once the work has been completed at the direction of Series Officials. After the completion of halfway of the race the two-minute period will <u>no longer</u> be in effect. (This will apply in all racing events)

No Stick Signals!! Sticks will **NOT** be allowed at any Xtreme Outlaw Midget Series Event.

There will be a **8-minute horn** for Hot Laps, Qualifying, Heats, and LCS. For the Feature the horn will blow at the **8** min, **4** min, **2** min, and **0** mark. If you are not past the cones which designate the location where you must present your car you are LATE. It is your responsibility to be in line on time **NOT OURS**. All cars will have to pass the designated staging zone before the 0 mark horn has been sounded, if not you will go the tail.

Procedures and Penalties will be enforced as outlined in the 2024 Xtreme Outlaw Midget Series Rule book.

All transponders must be turned in after the event - for multi-day shows they may be turned in on the final night unless told differently at the drivers meeting.

If you fail to return a transponder - you will not receive a check until it is returned. If not returned you will be charged \$500.

Payout will be after the feature at the command center or if not picked up at the event checks will be mailed within five (5) business days following the event. No tires to be left at the track. **ALL TIRES MUST GO HOME WITH YOU.** If we find them where you pitted you will be fined \$300.
